Word Tracer

Pull on your best boots and prepare to strut your stuff as you dance your way through this letter line-up! Starting in the grey square, follow the directions shown by the arrows to move from one letter to the next. Write each letter in the space provided and reveal the secret song name hidden in the grid.

T	H	M	E
I	W	U	O
N	G	B	Y
O	L	E	

FUN FACT

Taylor and her co-writer wrote this song about unrequited love after the singer overheard a male friend arguing on the phone with his girlfriend.

Coded Letter Jumble

Taylor loves to play with words and hide messages for her fans in her videos and social media posts, as well as in her songs.

Using the code table below, see if you can decipher these words and phrases about Taylor's early childhood.

This sort of simple substitution cipher, or coded message, is called an Atbash cipher. The top row of the table shows the alphabet, while the bottom row is an encrypted, or coded, version. For Atbash ciphers, the encrypted alphabet is just the alphabet in reverse order.

To decipher the words opposite, simply find the encrypted letter in the bottom row and decode it by looking at the letter above it.

A	B	C	D	E	F	G	H	I	J	K	L	M
Z	Y	X	W	V	U	T	S	R	Q	P	O	N

N	O	P	Q	R	S	T	U	V	W	X	Y	Z
M	L	K	J	I	H	G	F	E	D	C	B	A

FUN FACT

Phrase two is the name of the town in which the Swift family had a summer house when Taylor was a child. She has said that she used to sing karaoke and play the guitar in a couple of venues in the town, and it was at the summer house that she wrote her unpublished novel when she was eleven.

BONUS QUESTION: _____

Word Ladder

Words are amazing things – as Taylor knows all too well!
Have fun as you puzzle over how to change one word
into another in just a few simple steps.

Starting with the word at the bottom of the ladder, see if you can
make your way up to the top word by changing just one letter each
time. The words you create on the rungs in between the bottom
and the top must be real words that are in the dictionary, and
the position of the letters can't switch around.

**For example, to get from
WARM to COLD, your
word ladder would go:**

C O L D
C O R D
C A R D
W A R D
W A R M

To help you, the position of
the letter that changes as
you work up the ladder is
marked with a thicker dash.
